# Southwest Harbor Parking Management

How to Register Your Account

To get started, visit https://parkswharbor-tremont.com/login and select **Register**.

1. Create your account by entering the required information.
2. Select **Register** to complete your registration. This will create your account and redirect you to the login page.
3. On the login page, enter your email address and newly created password.
4. For your safety, you will receive a one-time password verification code by email and phone.
5. If you do not see the verification email, check your spam folder.
6. Enter the verification code to complete your login.

How to Purchase a Permit

After logging in, select your residency type, choose the permit you would like to purchase, and complete the following steps:

1. Select the permit duration
2. Enter your home address
3. Enter the billing address
4. Choose the permit quantity. Pricing is per permit
5. Enter your vehicle information
6. Enter your Contact information
7. Upload supporting documents (if applicable)
8. Review your information and complete payment

Once the required steps are completed and payment is made, you will receive a summary of your transaction.

You may also choose to save your credit card information to your account for future purchases. After your purchase is complete, you will receive an email with additional permit information.
